This 2-day workshop will be held on evenings from 6:30 till 8:30 pm.

**Workshop Description:**

While exploring the artistic creativity that lies within each of us, we will come to know techniques used in the fabrication and finishing of fine art jewelry. All materials will be provided to complete one fabulous piece by the end of the 2 day workshop, including: copper for practice, fine silver, a semi precious gem, findings and a leather cord.

We will be sharing Jane's personal studio tools and power equipment. It will be helpful if you have at home and can bring any small round or needle nose pliers, wire cutters, or small files and saws and safety glasses. Some of these specialty items will also be available for purchase, at well below retail prices.
