Workshop Description:

As fall begins to set in and we prepare for winter now is the time to plan on bringing in some green to brighten those snowy days. Terrariums can be elaborately constructed or be as simple as an old see-thru plastic container. This class will teach your homeschooler to use recycled containers in creating their own terrariums and how to care for them. Students will also create little accessories for their new green space, such as benches, footpaths and buildings. A much larger terrarium will be on hand for everyone to assist in creating a larger piece for others to enjoy while at the academy. Registration is due by **September 5th**. Students will use materials supplied by the Peninsula Art Academy for this workshop.

Registration Fee:

The fee for the 1-day workshop is \$20 or \$15 for Peninsula Art Academy members. Further questions about the workshop or membership (starting at \$25/yr) can be directed to PAA at 330-657-2248 or info@peninsulaartacademy.com
